Honor Roll.

To Board of Education.
Gentlemen:—We are glad to announce the largest enrollment in the history of the schools, 738 white and 368 colored, total 1106, but we are sorry the attendance has been reduced a little by sickness.

Attendance this month: white 639, colored 268, total 907 in daily attendance. There have been 256 cases of tardiness in both schools, most of the cases were only a few minutes. One minute is counted. This seems bad, and it is bad. Parents could remedy it, for in most cases it is the parents' fault. But with all this, it is refreshing to know that 613 of the 907 pupils were neither absent nor tardy during the month and 837 of them rendered satisfactory department.

Every department is prosperous and a good honor roll follows:

NOTE—Grades VI-B and VII-B have no representatives on the roll of honor for two reasons: First, department was not satisfactory; second, Arithmetic, which is graded on the "right or wrong," that is, if the slightest error occurs in the work of solving a problem, the whole problem is marked, "0."

We are doing all we can to secure accuracy. A mistake of one figure in adding, subtracting, multiplying or dividing forfeits the whole problem. The low marks in Arithmetic do not mean, that poor work is being done, but rather that accuracy, has not yet been attained.

Farm Exhibits at County Fairs.

Farm exhibits in charge of the Department of Agriculture and the Extension Department of the State University will be made at the county fairs this year. As the Agricultural Department has not sufficient money on hand to run the agricultural special train this year, Commissioner of Agriculture Newman has decided to send out two farm exhibits to about twenty county fairs. One exhibit will be in charge of the extension department of the State University, and the other, in charge of the Department of Agriculture. The exhibits will cover the subjects of dairying, pure food, fertilizer, domestic science, agronomy and soils. It is also planned to hold agricultural schools in the towns where the exhibits are made at the fairs, the school to be held the week following the fair at which the exhibit is made.

Millions of dollars are being lost annually by the wasteful methods employed by the farmers, was the statement made yesterday by Commissioner Newman.

STORE PLAN DRAWS THREAT

Housewives Arranging to Start a Produce Establishment in Order to Force a Lowering of Prices.

Kansas City, Mo.—Anonymous threats directed at the proprietors of a music store where the Housewives' league of Kansas City has maintained headquarters have caused worry to the officers of the league that resulted in a decision to suspend operations until a new location is secured. The Housewives' league is trying to raise a fund of \$2,000, with which to open a co-operative produce store.

That so pronounced an attack on the league would be made was not anticipated by the directors. "We expected some criticism," said Mrs. Willard Q. Church, president of the league, "but we did not think it would take so determined a form."

"We have repeatedly said that the league was not organized to attack the grocers or any set of merchants. We wish to be fair and just, and our only reason in establishing a store is to show that the present method of handling produce is unnecessarily expensive and cumbersome. "Our plans will go right ahead as soon as we get a new location."

HYPNOTIZED; NOW A THIEF

Young Woman Makes Strange Confession to Police of Seattle After Arrest.

Seattle, Wash.—Asserting that she was under the hypnotic influence of a man when she committed a crime of which she is accused here, Miss Emma Williams, alias Pearl Turner, 18 years old, confessed that she had committed twelve robberies in Vancouver, B. C., and seven in Seattle. The woman, according to the police, who told of her confession, said that the man would suggest to her that she obtain employment as a domestic and then influenced her to steal from her employers.

CO-ED FLOORS HOLD-UP MAN

University of Nebraska Young Woman Lands on Bandit's Jaw and Sends for Police.

Lincoln, Neb.—When a University of Nebraska young woman was returning to her home from a visit to a classmate, she was stopped by a hold-up man and a demand made for her money and jewels.

She did not scream or run, but landed squarely on the bandit's jaw, knocking him down. She then ran to a house a block away and called the police.

TAYLOR SIMMONS will make the season of 1913 at my stables in Paris, on High street, near 2nd street, at \$15 to insure.

The ideal carriage horse is the American trotting bred horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23489, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

A few of the fancy priced ones sired by Taylor Simmons: Thendara, winner in the walk-trot class at the Blue Grass Fair in 1907, Louisville Horse Show and in the East, sold by Col. C. L. Bailey for \$2,500; Alleen Powers, sold to Godfrey Priest, of New York, for \$1,000; Little Nath, sold for \$500 to Eastern parties. His get are always commanding the price that pay a man to raise good stock.

Lien retained on colts until season money is paid.

A Profitable Investment

Houses not wired for electric service are not in the "all modern improvements" class.

Tenants taboo them as being inconvenient, uneconomical and unfashionable.

Landlords find them hard to rent, difficult to sell and expensive to insure.

Your friends and neighbors who own, buy, sell or rent houses, will substantiate these facts. Eliminate these drawbacks by having your houses wired.

We do the work at moderate cost and on easy terms.
